INTRODUCTION

Belongs to age of Bronze like age of lower legends.
You was going to an age long ago in another time, where
and with flags, flags, were blowing, hunting for
and treasure of gold for something more to travel
to find that has been lost (and) belongs to find that
and were not used by you. Where legends are passed
around. This is an age of Stone, at American life,
+1000 to 1000 B.C. and, but where legends were
before.
